Questions?

emilycm@princeton.edu and
meganew@princeton.edu

Join members of Princeton University Society of Women Engineers to earn the badge!

- Community Outreach Chairs Emily McDonnell and Megan Whitley and a team of SWE members will help the girls complete all five steps of the Junior Entertainment Technology badge.
- There are 2 sessions: 9:00am – 12pm and 1:00 – 4:00pm on Saturday December 9th. Troop leaders can request a session for their troop, but if the requested session is full, the troop has the option to attend the other session.
- The event is free; however, we will not be providing the badge.
- Troops should meet the Safety Wise adult:girl ratio but we would like the adults to remember to let the SWE members do the leading.

Pre-registration is required!

**Pre-register
online ASAP:**
